

For Immediate Release: March 21, 2023

#40007C MT12 Monster Truck Red RTR

MT12
MONSTER SERIES

4X4 MONSTER TRUCK

1:12 Scale Ready-To-Run
Electric 4X4 Monster Truck

ELECTRIC ▫ OFF ROAD ▫ 1:12 SCALE ▫ 4 WHEEL DRIVE ▫ RTR

Coming to a stadium near you, the MT12 Monster Series 4x4 Monster Truck may be small in size, but is jam-packed full of incredible features! Equipped with Reedy Power electronics, this rig comes Ready-To-Run with everything you need right out of the box. No need to prep or build your rig; just charge it and you're ready for some pedal-to-the-metal car-crushing action!

Designed not only for scale looks with realistic chrome wheels, chevron-style tires, and retro-styled monster truck body, the MT12 is built for car-stomping action as well. The steel ladder frame chassis provides the perfect backbone for this rugged little monster. The 4-link suspension, threaded shocks, and soft rubber tires give the grip and performance needed to smash over cars or through dirt and mud. Transferring power to the ground is a compact 3-gear transmission, plastic low-friction slider-type drive shafts, front steel CVA axles, and metal-shield ball bearings.

With the MT12 4x4 Monster Truck, you'll pay for the whole seat, but you'll only need the edge!

HIGHLIGHTS

MT12 MONSTER SERIES

Chassis Mounted Steering (CMS) Servo

Fully adjustable threaded fluid-filled shocks

Metal front CVA axle shafts

13.98:1 ratio 3-gear transmission with integrated motor mount

Includes 2.4GHz XP transmitter, receiver, Reedy Power water-resistant speed control, 380 motor, servo and 850mAh Li-Ion battery
