NEW! Factory Team Octalock Slipper Conversion

#72025 FT Octalock Slipper Conversion

Convert your DR10, SR10, RB10, and Pro2 SC10 to accept the Octalock slipper pads. This conversion comes with the high-capacity LCF slipper pads found on the RC10B74.1 and RC10B6.4 which have been developed through years of off-road racing to bring reliable, smooth power delivery run after run. Everything is included to upgrade your Team Associated RTR to a race-quality slipper clutch. Instructions included.

Fits: **DR10** (#70025, 26, 27, 28, 36), **SR10** (#70030), **RB10** (#90031, 32), **Pro2 SC10** (#70020, 70021).
