SPECIFICATIONS		
Length		23.54" (598mm)
Front Track		12.67" (322mm)
Rear Track		12.67" (322mm)
Height (overall)		8.43" (214mm)
Wheelbase		13.90" (353mm)
Wheel Diameter		2.2" outer - 3.0" inner (56mm - 76mm)

## No Painting or Trimming Required.

Engine	TRX 3.3 Racing Engine
Transmission	Auto Two-Speed Forward Only
Differential Type	Bevel Gear, Sealed, Limited Slip
Chassis Type	3mm 6061-T6 Aluminum
Radio System	Traxxas TQi 2.4GHz

**IMPORTANT! THIS PRODUCT IS NOT DESIGNED FOR CHILDREN OR MINORS YOUNGER THAN 16 YEARS OLD. RESPONSIBLE ADULT SUPERVISION IS REQUIRED DURING OPERATION AND MAINTENANCE.**

Slayer Pro 4X4 is a high-performance model which is NOT intended for use on public roads or in congested areas where its operation may conflict with or disrupt pedestrian or vehicular traffic. Read all enclosed information before operating. Fully illustrated, step-by-step instructions describe adjustment, operation, and required maintenance procedures. Slayer Pro 4X4 should not be operated in a crowd, indoors or without adequate space.

The vehicle is fully assembled, ready to run, and requires the following items for operation: 8 AA alkaline batteries and model car fuel. These are available from your hobby dealer. In an effort to continually upgrade our products, Traxxas reserves the right to make improvements and modifications to this model, which may not be reflected in the photographs and specifications printed on this box. Battery and charger style subject to change and may vary from photos.

# SLAYER PRO 4X4

Nitro-Powered Short Course Race Truck

**50+ mph** **EXTREME POWER**

4WD Short Course Racing brings together the most horsepower and the most suspension travel for incredible side-by-side, fender-banging racing action. Engines scream at the redline as dirt and rocks roost from all four tires. Only the fastest, most powerful trucks dare to compete! The Traxxas Slayer Pro 4X4 brings the sound, smell, and excitement of Pro 4X4 short-course racing right into your own backyard. Extreme TRX® 3.3 power punches hard and assaults the ground as all four tires claw for traction. The amazing Revo®-Spec linkage-based suspension delivers seemingly bottomless suspension travel that simulates the handling and jumping ability of the full-size Pro 4X4 trucks. The new long wheelbase chassis and wide-track stance deliver superior stability in rough conditions. Slayer Pro 4X4 brings together scale looks and 50+mph performance for all-day fun, excitement, and competition.

EZ-Start Electric Starting

Large Cooling Head

Large Two-Stage Air Filter

Two-Speed Fwd Only Transmission

Blue-Anodized Long Wheelbase Aluminum Chassis

Hard-Anodized Aluminum GTR Shocks

Scale Tube-Style Bumpers

Silicone Exhaust Deflector

Resonator Tuned Pipe

Extra Fuel Tubing

Compact Receiver and Battery Box

Semi-Metallic Brake Pads

High-Torque Waterproof Digital Steering Servo

The Fastest Name In Radio Control

### Extended Chassis and Wide-Track Suspension

The Slayer Pro 4X4 uses the Revo 3.3 extended chassis and wide-track suspension arms for a 30mm increase in wheelbase and a 26mm increase in track width.

### TRX 3.3 RACING ENGINE

The award-winning TRX 3.3 Racing Engine is famous for its broad, linear output that makes Extreme Horsepower available practically anywhere in the rpm range. Hammer the throttle at any speed and Slayer Pro 4X4 completely shreds the ground underneath. Brutal bottom-end torque punches hard out of the turns and then screams to top speeds soaring past 50mph! The extra-large dual-stage Traxxas air filter allows increased air flow to the TRX 3.3 Racing Engine, breathing in even more horsepower and torque.

**EZ-Start Electric Starting with Battery and 2amp DC Fast Charger**

The Traxxas EZ-Start lights your glow plug and starts your engine quickly and smoothly at the push of a button. Traxxas' exclusive Smart Start® technology monitors critical starting functions, automatically sensing and diagnosing potential problems for trouble free engine starting every time!

**Resonator Tuned Pipe**

The dual chamber Resonator™ aluminum pipe delivers the most linear power band from the TRX® 3.3 Racing Engine. It's dyno-tuned for torque down low and big horsepower on the top end. The extra-fine mirror-polish finish looks great and stays clean longer.

**Wide-Track Suspension Arms**

In addition to a longer wheelbase, Slayer Pro 4X4 is also a full 26mm wider thanks to its new wide-track suspension arms. The wider arms give slayer a larger footprint for greater traction, more cornering bite, and aggressive handling.

**High-Torque Waterproof Steering and Throttle Servos**

A race truck needs powerful servos for responsive performance, and Traxxas delivers with high-torque waterproof units. The 2056 throttle servo provides 80 oz-in of muscle, and the digital 2075 steering servo swings the tires with 125 oz-in of precision power. That's three times the power of typical "standard" servos.

**Hard-Anodized, PTFE-Coated GTR Shocks**

Ultra-long lasting hard-anodized, PTFE-coated aluminum GTR shocks represent the pinnacle of off-road performance, offering silky smooth damping and a serious factory-works look. Thanks to the extra tough hard-anodized finish, shock performance stays true and consistent for less maintenance and better handling, run after run.

**Powerful Semi-Metallic Brake Pads**

Traxxas' unique semi-metallic brake pads allow class-leading 4-wheel braking performance that's always smooth and consistent.

**Torque-Control Slipper Clutch**

Fan-cooled alloy plates with semi-metallic friction pads deliver unequalled precision, consistency, and power handling.

\*With optional 17-tooth clutch bell (#5217), sold separately. 45+mph stock.

## WHAT'S IN THE BOX:

- 1 Fully Assembled Slayer Pro 4X4 Ready-To-Drive<sup>®</sup> with TRX 3.3 Racing Engine
- 2 TQi™ 2.4GHz radio system
- 3 EZ-Start Electric Starting
- 4 Rechargeable EZ-Start battery
- 5 2amp DC fast charger
- 6 Premium fuel dispensing bottle
- 7 Extra glow plug
- 8 Extra air filter
- 9 High-quality specialty tool set
- 10 Owner's manual

**50+ mph**  
**TRX 3.3**  
RACING ENGINE

## WHAT YOU'LL NEED TO RUN YOUR MODEL:

(Sold separately at your hobby dealer)

- 8 AA Alkaline Batteries
- Traxxas Top Fuel® Power Plus™

## SKILL LEVEL 4

Previous experience with radio controlled models is mandatory. This model is capable of very high speeds and requires an even higher level of skilled driving control. Model requires detailed setup, and/or maintenance procedures with required support equipment.

## TRAXXAS SUPPORT
