TRAXXAS

X-MAXX[®] ULTIMATE

The new X-Maxx[®] and XRT[®] Ultimate feature over \$1,000 in premium upgrades including new belted tires and high-strength machined aluminum in four key areas of performance: suspension, chassis, drivetrain, and steering.

XRT
(7862)

GRAVIX

X-Maxx
(7871)

SLEDGEHAMMER

NEW BELTED TIRES

- Lightweight belted construction
- Unmatched responsiveness, stability, and control during high speed running

COLOR-MATCHED ALUMINUM

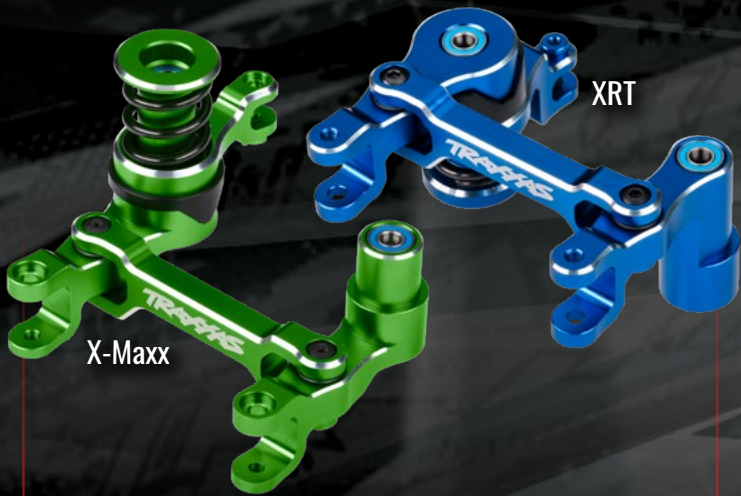

- Machined from high-strength 6061-T6 aluminum
- Brilliant anodized blue or green finish

2024 LIMITED EDITION

50+
MPH

* Requires optional gearing (sold separately)

X-Maxx

XRT

PRECISION STEERING

- Machined aluminum bellcrank eliminates flex
- Heavy-duty spring and sealed ball bearings

X-Maxx

XRT

SUSPENSION

- Ultra-smooth GTX aluminum shocks
- TiN shafts for improved performance
- Aluminum shock caps and upper spring retainers

X-RT ULTIMATE

X-Maxx

XRT

TUBES TOE LINKS

- Made from high-grade 7075-T6 aluminum
- Unique hollow design maximizes rigidity while reducing weight

MACHINED GEARS

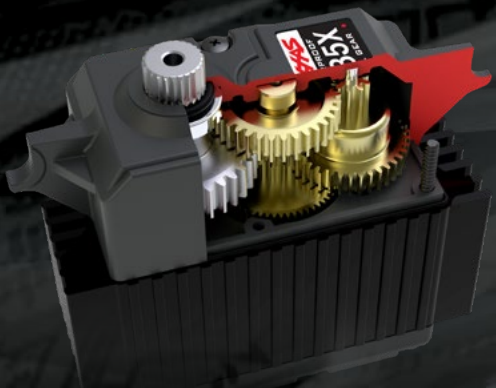

- Spur and pinion gears machined from hardened steel
- Extra wide teeth for ultimate power handling

2024 LIMITED EDITION

60+
MPH

* Requires optional gearing (sold separately)

2085X METAL GEAR SERVO

- All-metal gears with ball bearings
- Over 450 oz-in torque
- Black-anodized aluminum center case
- Includes double-shear aluminum servo horn

WIRELESS MODULE

- View speed, temperature, and voltage data in real time with factory-installed sensors
- Connect to the free Traxxas Link™ mobile app
- Save settings for up to 30 models

Unlock the full potential of the Traxxas TQi™ radio system

SEE REAL-TIME TELEMETRY

View and record speed, temperature, and voltage data while driving

ADJUST TRANSMITTER SETTINGS

Make tuning adjustments on the fly and save setting favorites

MANAGE MODELS AND PROFILES

Save individual settings and tuning data for up to 30 different vehicles
